

RICARDO DE WET

Personal Profile

Hardworking and focused university student seeking employment, with a great ambition to work within the IT industry. I am currently studying for Bachelor's Degree in Computer Sciences, specialising in Business Intelligence, at Belgium Campus ITiversity. I have built a sound knowledge of skills learned through studies and projects. With a passion for the technological industry combined with workplace skills gathered by past work, projects, hobbies, studies, volunteering and shadowing. I am eager to work within industry and add value to it.

Employment History

Employee | Sellaro Consultancy | Pretoria

Sept 2023 – Currently

Applying my current skills to the projects that the company undertakes. Most of the work included application and website testing, records validation, data collection and website scraping. Key skills I learned at Sellaro includes Smoke Testing, Acceptance Testing, Detailed Reporting, Some Excell Operations, Team Communication and working under a Deadline.

Korean Embassy Event Worker | Centurion (KFFF) & Johannesburg (KCC)

29 Oct 2023 & 10 May 2024

With both events I helped with the setup of different stalls before the event started and with the cleanup afterwards. At the Korean Food and Film Festival (KFFF) I worked at the arts and crafts stall where we explained to everyone who participated what the meaning was behind the craft as well as how to assemble the items.

As for the event for the Korean Culture Centre I worked at stall where we mainly did surveys, at certain times it also served as an info booth. We mainly expressed the importance of the survey and helped the people where they lacked understanding.

Part Time Electrician Assistant | Tech 80 | Roodepoort

Dec 2022 – Feb 2023

Planning new pathways for electric cabling and outlets, breaking the marked pathway open, inserting pipes and plastering up the wall. I also put new cables in place and connected it to the outlets.

Farm Labourer | Jan De Wet | Brits

Dec 2021 – Jan 2022

Everything from herding cattle, clearing the fields of brush and trimming trees, to gathering hay to feed the cattle. As well as fixing fences and picking fruit.

Knife Maker Assistant | Herucus Blomerus | Pretoria

Dec 2020 – Sept 2021, Feb 2022

Learned to make knives during the school vacations. I mostly spend the time shadowing Mr. Blomerus and grinding the blades of knives.

Veterinarian Assistant | Dr. Stefan Steyn | Pretoria

Jan 2017 – Jul 2018

Volunteered at the Onderstepoort Veterinary Academic Hospital under Dr. Steyn in the exotic animal department during the school vacations.
